

CONTINUING SUPPORT FY 2017

	Need & Request	Explained Specific Request
	<p>Transit Infrastructure</p> <p>Build a full-length Second Avenue Subway</p>	<p>The East Side of Manhattan is under-served by the transit system. The Lexington Avenue lines are grossly over-crowded; many Eastside residents and commuters walk over a half mile to already overly-congested trains. Phases 3 and 4 of the Second Avenue Subway are expected to benefit Community District 6. We eagerly await the completion of this work and ask the City to block any efforts to further delay work.</p>
	<p>Library facilities, equipment and programs</p> <p>Create a new, or renovate or upgrade an existing public library</p>	<p>The Kips Bay Library is in need of a complete renovation, including replacement of HVAC, boiler and radiators. Renovation of interior spaces (including ADA compliance), replacement of elevator as well as addressing water infiltration in the basement and façade restoration are also required. Of first priority are the following: HVAC (33 tons), radiators, boiler and elevator replacement. We understand funds of \$1 Million were allocated by CM Rosie Mendez, but we await feedback on whether this amou ...</p>
	<p>Park facilities and access</p> <p>Reconstruct or upgrade a parks facility</p>	<p>The Stuyvesant Square Park East fence has been a top priority of CB6 for many years. We now have substantial work being done and the promise that it will be completed. Many individuals including our elected officials, Community Board members and concerned citizens have worked together to accomplish this project.</p>
	<p>Park facilities and access</p> <p>Reconstruct or upgrade a parks facility</p>	<p>Community Board 6 supports the Department of Parks and Recreation proposal to convert the roof of the 54th Street Recreation Center into a passive recreation space. We understand it is funded and that the job has been let.</p>
	<p>Park facilities and access</p> <p>Reconstruct or upgrade a parks facility</p>	<p>The existing boiler at the Asser Levy Recreation Center is beyond its useful life and should be replaced. We understand work is under way and should be completed within the current fiscal year.</p>
	<p>Transportation infrastructure</p> <p>Rehabilitate bridges</p>	<p>Improve the 25th St Bridge Over The FDR Drive for Handicap Accessibility and Because of Safety Concerns. Waterside Plaza has an existing pedestrian bridge at 25th Street which should be modified to allow handicap access at its western end. The agency should also work with Waterside to make sure that resident concerns are addressed including the installation of safer surfaces that reduce problems in snow and rain, improved lighting and other safety issues. It is our understanding that the projec ...</p>
	<p>Park facilities and access</p> <p>Reconstruct or upgrade a parks facility</p>	<p>CB6 looks forward to completion as Parks Department reconstructs pavement, refurbishes the landscape, and installs water service for plant material at Trygve Lie Plaza.</p>
