

Help us plan how to improve your local park

**Please join us and
share your ideas for improving
Bellevue South Park**

**Thursday, July 19, 2018
6:30 – 8:00 p.m.**

**NYU College of Dentistry
433 First Avenue, Rm. 210
(between East 25th and 26th Streets)**

This project was funded by Mayor de Blasio and former Council Member Rosie Mendez.

NYC Parks is starting the design process for this project by holding a scope meeting, in which local residents and stakeholders discuss how they would like to see the park improved, especially the children's play areas, the basketball court and the dog run. With this input, we will develop a schematic design, which will be presented to Community Board 6 for public review. Please join us at this meeting and feel free to invite others who may be interested.
