At NYU Langone Health, we strive for excellence, but we can't achieve it without skillful and talented people like yourself.

That's why we're proud to work with various organizations who work to pair veterans with a career that fits them. It's also why we're committed to building our Veterans Employee Resource Group.

Our commitment to veterans and our passion for delivering care drives us. It drove us to open facilities such as the Steven A. Cohen Military Family Clinic, which is uniquely equipped to care for veterans and their families.

Attend our upcoming career fair to learn more about how you can apply your specialized training to an organization that shares your vision.

Registration is required to attend, so RSVP today:
