

TRANSFORMING CARDIAC CARE: BETTER TECHNOLOGY, BETTER HEALTH

Presented by the Center for the Prevention of Cardiovascular Disease

New medications and technologies are transforming cardiac care, leading to earlier diagnosis, and improved prevention and treatment of cardiovascular disease. Join NYU Langone cardiologist **Dennis A. Goodman, MD, FACP, FACC**, to learn about new cardiology innovations and how they can improve cardiovascular health.

- Learn about the latest advances in lowering cholesterol and how new medications work to reduce heart attack risk
- Hear how new, less invasive diagnostic and surgical technologies result in quicker recovery and reduced hospital stays for cardiac patients
- Discover new promising integrative therapies for the treatment and prevention of cardiovascular disease

Date + Time Monday, September 17, 2018 | 6:00 PM – 7:00PM

Location NYU Langone Health
550 First Avenue (at 31st Street), Alumni Hall B

Speaker **Dennis A. Goodman, MD, FACP, FACC**
Clinical Professor, Department of Medicine
Director of Integrative Medicine, Leon H. Charney Division of Cardiology
