Help create the **40-foot Mobile Mural - LES Sustainable Ecosystem** with Earth Celebrations' Artist-in-Residence Katherine Freygang. Mobile Mural includes 6 sections celebrating the gardens, neighborhood, 2 sections of the East River Park, Stuyvesant Cove and the River (species and what is on and in the river). The Mobile Mural will be featured in the culminating **Earth Celebrations' Ecological City: Procession for Climate Solutions** on Saturday May 11, 2019 featuring spectacular visual art, giants, puppets, costumes and 20 site-performances celebrating climate resiliency and ecological sustainability initiatives throughout the community gardens and East River Park waterfront park on the Lower Side.

LES Sustainable Ecosystem	LES Sustainable Ecosystem	LES Sustainable Ecosystem	LES Sustainable Ecosystem	LES Sustainable Ecosystem	LES Sustainable Ecosystem
