

Alzheimer's Disease and Related
Dementias Family Support Program

Navigating the World of Home Care

An Informational Workshop for Caregivers of Individuals with Dementia

Caregivers often face challenging issues when considering bringing someone into the home to help provide care for their family member with memory loss. Join the NYU Langone Family Support Program workshop to discuss topics including: deciding on home care, what to expect, and common concerns when bringing in outside help.

Tuesday, March 19 2019 • 11:00 am - 12:30pm

NYU Langone Family Support Program Office

145 E. 32nd Street, 8th Floor Conference Room

New York, NY 10016

To register for this free workshop please call **646-754-2277** or e-mail **family.support@nyulangone.org**.

NYU Langone's Alzheimer's Disease and Related Dementias Family Support Program is supported by a grant from the New York State Department of Health
