

ASSEMBLY MEMBER HARVEY EPSTEIN COMMUNITY BOARD 6 REPORT, DECEMBER 2022

Dear neighbor,

Between joint budget hearings and the redistricting process, it's been a start to the session. For the next week, we'll continue taking testimony in joint budget hearings. I'll be raising the issues that we're fighting for in this budget: more money for NYCHA, legalizing safe and affordable basement units and other types of accessory dwelling units, funding for students with disabilities, and more.

See you around the district,

Harvey
