Highlights

- The gun violence that happened in Buffalo, Uvalde, Tulsa, Philadelphia and across this country in recent weeks has wreaked havoc. This week, the Congresswoman is back in Washington voting on the Protecting our Kids Act, which is a comprehensive package of gun violence prevention proposals. It not only includes a bill to raise the age to purchase a semi-automatic rifle from 18 to 21, but it includes her legislation that would make trafficking in firearms a stand-alone criminal offense.
- As Chairwoman of the House Oversight Committee, she held a hearing today on Guns. Victims from Uvalde and Buffalo testified as did Mayor Adams.
- In addition to this hearing, Congresswoman Maloney launched an investigation into the five leading gun manufacturers that sell assault weapons used in mass shootings. We need to know why these companies are marketing military weapons to civilians and how much they are profiting from their destruction.
- Recently the Congresswoman also:
 - held a press conference calling for passage of the Save Our Stages Extension Act
 - sent a letter to the Office of Management and Budget (OMB), requesting that the OMB issue guidance to federal agencies to make it easier for transgender and nonbinary people to update Federal identification documents
 - introduced the Stealthing Act of 2022 and Consent is Key Act, to help protect victims of nonconsensual condom removal, which is also known as “stealthing.”
 - Introduced the Michelle Go Act to Improve Medicaid Coverage of Mental Health Services,
