Video Report to CB6:

Highlights

1. In his capacity as Chair of the Administrative Regulations Review Commission, the Assemblymember wrote to the Department of Environmental Conservation to discourage efforts to reduce public participation in the permit review and decision-making process.
2. Additionally, he continues to work with Assembly colleagues in support of stricter rules and regulations related to petroleum and chemical bulk storage facilities to protect coastal and waterfront communities. The failure to modernize these regulations leaves New York's fisheries and other natural resources and its residents exposed to ruptures and leaks from aging storage tanks.
3. With the end of the year and his term quickly approaching, our office continues to work toward a smooth transition to the district's next representative.
4. If anyone who lives in the 73rd Assembly District needs assistance with their unemployment insurance claims, information about rental assistance, and anything else related to state and city government, please reach out to our office and we will do our best to assist you. We can be reached at quartd@nyassembly.gov and 212-605-0937.
